StrongStart Early Learning Centre

StrongStart is a free drop-in early learning program for children aged 0 to 5 years of age (prior to entry into kindergarten). The program is intended to fill a niche for children who are not attending childcare and are in the home with their parent or other caregivers (such as grandparents or nannies). This program is funded by the Ministry of Education.

When you join us you may:
- have some creative, interactive play time with your child
- connect with other parents
- access parenting information and support
- find out more about resources in your community

Each program is facilitated by a Licensed Early Childhood Educator.

For more information please call or visit any of the Centres.

The Centres are open on a first-come, first-served basis on days that school is in session.
